

TECHNOLOGY TRANSFER AT GHEENT UNIVERSITY

INDUSTRIAL LIAISON NETWORK

www.ugent.be/en/industry

Ghent University wants to facilitate the commercial application of its research results. For its liaison with industry, UGent uses a network of specialized business development centers backed by a central Technology Transfer Office.

About 20 business development centers group complementary research departments by application area or domain of research expertise. Key technology transfer activities include industrial collaboration programs, IP licensing and spin-off creation.

BUSINESS DEVELOPMENT CENTERS

ChemTech

Chemistry Technologies

CleanChem

Cleantech for sustainable chemical production

Composites

Innovative technology platform for composites

DuraBUILDmaterials

Innovative technologies for durable cementitious and mineral building materials

Metals

Your partner for metals research at Ghent University

SET - EnerGhentIC

Sustainable Energy Technologies

BUSINESS DEVELOPMENT CENTERS

Aquaculture Ghent University

Innovations for a sustainable aquaculture production

CropFit

Biostimulantia in plants

Food2Know

The production of safe and healthy food

ProteinTech

Proteomics, protein-protein interactions and biopharmaceuticals

PROVAXS

Innovation in animal health

BUSINESS DEVELOPMENT CENTERS

e-Poly

Center for advanced, polymer based microsystems and applications

IDLab-BD

Internet & Data Lab

i-Know

Intelligent information management

nb-photonics

Photonics, components, systems, applications

BUSINESS DEVELOPMENT CENTERS

Bimetra

Clinical Research Center Ghent

Biomarked

Pre-clinical translational research applications and BioIT in cancer and ageing

ChemTech Life sciences

Chemistry Technologies for the life sciences

DiscoverE

Drug discovery, drug delivery and continuous drug manufacturing

MedTeg - HyCT

Hybrid CT image building technologies for material and life sciences applications

Victoris

Technological optimization, research and innovation in sport

TECHNOLOGY TRANSFER

Intellectual Property

Spin-off creation

Proof-of-concept funding

Technology licensing

Science Parks

Research contracts
